RUSSIAN ADMIRAL KILLED BY SOLDIER

Orderly Who Had Been Dismissed Shoots His Chief.

OTHER NEWS REGARDING WAR

Captain of Vessel Refuses to Load a Cargo at San Francisco—Seventeen Warships Sighted Near Hong Kong. British Ship Hits Mine and Sinks.

St. Petersburg, May 15—Vice Admiral Nazitoff was shot and killed by an ordrely in his room today. The orderly fired three shots from a revolver at the admiral. The crime is attributed to the anger of the murderer at his dismissal from his duties as orderly and being ordered to proceed to the front.

Captains Refuse to Load Cargo.

San Francisco, May 15.—The Chronicle today says: There is over a million dollars' worth of munitions of war, explosive shells, unloaded, lying on the wharf on the Oakland side of the bay. The shells are consigned to the Japanese, but were made in Germany, hence there is a suspicion that there ultimate destination may be Vladivostok. The work of loading these shells began on two steamers, but was stopped today when the masters of the vessels ascertained the character of of their consignment. Many cars, sealed and in bond from New York, have arrived at Long wharf within the last week or so. They were loaded with strong, ironbound wooden cases, shipped from Hamburg to Kobe, Japan, marked "E. M. E. H. H." and invoiced as "manufactures of metal." When notified of the character of the boxes he was loading, the captain of the British steamer, Heathdene, sought the advice of the British consul.

Seventeen Ships Sighted.

Hong Kong, May 15.—Seventeen warships were sighted during the evening of May 10, off the King's Rock, near the entrance of Vanfong bay. Transports were seen in Kuabepas (Hon Haikohe bay), 75 miles north of Kamrnah bay the same day.

British Steamer Strikes Mine.

Tokio, May 15.—The British steamer Sobralens, bound from New Chwang to Kobe, struck a mine off Port Arthur yesterday and sank immediately. Boats from Port Arthur rescued all the Europeans aboard, but it is believed that several of the crew and passengers were drowned. It is also believed that the steamer was inside the zone that ships have been warned to avoid.

Bound for American Port.

San Francisco, May 15.—A third class cruiser of the Japanese navy is reported to be on the way to this port to undergo repairs and a general overhauling. The name of the vessel is not known, but from all accounts the warship lately left the Asiatic coast, under orders to come to this port to be repaired, and it is likely she will upon arrival, be detained here, as was the Russian cruiser Lena, until the end of the war on the Asiatic coast. The Japanese cruiser is daily expected to arrive. It is presumed that she has been scouting in the Pacific, and having become short of fuel, was ordered to put in here, both for advices and to receive an overhauling in case repairs should be necessary.

CROKER'S SON DIES SUDDENLY.

Police Investigating Mysterious Death of Young Man Near Kansas City.

Kansas City, Mo., May 15.—Herbert V. Croker, a son of Richard Croker, the New York political leader, was found dead on a southbound Atchison, Topeka and Santa Fe railway train between Kansas City and Newton, Kans., yesterday. He died during the night, evidently from the effects of some drug administered at Kansas City, where he took the train last [illegible] for Bliss, Okla.

[illegible] police have traced Herbert V. Croker's movements in this city Thursday afternoon. On his return from the Elm Ridge race course he went to the Coates house and talked with the bartender, giving his name and saying he was on the way to Oklahoma. The bartender says Croker was not intoxicated and drank nothing there. In the barroom he met Charles Woodson, the negro porter. Woodson says he went out to "have a lfittle fun" visiting a Chinese opium joint and two saloons, in one of which Croker took a drink. Croker had a $20 bill and explained that he never carried much money, but used a checkbook. Woodson says that he and Croker rode to the railroad station in a hack; that Croker went into the chair car because he could not get a Pullman berth; that he gave Croker all the money left after paying the hackman—$17 or $18. Woodson is held at the police station, but there is no charge against him.

STRIKE IN CHICAGO REMAINS UNCHANGED

Developments Expected Soon For Better Or Worse.

8,000 MORE DRIVERS MAY STRIKE

Team Owners' Association Sends Ultimatum to Teamsters' Union that They Must Deliver Goods to Boycotted Firms.

Chicago, May 15.—Peter Doyle, of the Chicago Team Owners' association, denied that the association, heretofore neutral in the teamsters' strike, had definitely determined to abandon its conciliatory policy. The presentation of the association will go before the teamsters' joint council tonight, and the meantime will determine whether to demand that the deliveries be ade by union drivers to boycotted concerns. It was reported last night that the members of four associations who have preserved a neutral attitude thus far, have taken a positive stand and either a settlement of the present strike of a spread to far greater proportions is expected by the early part of next week.

The team owners held a conference at the Briggs house after which President Shea was sent for and asked if he would permit his union teamsters to deliver goods for the team owners to boycott houses. Upon the refusal of Shea it was announced that a committee of team owners would go before the joint council, which is deemed a more conservative organization that the strike committee.

Members of the Chicago Team Owners' association were in the conference. The associations represented employ approximately 8,000 men. It has been represented to the team owners that they must make deliveries in order to live up to contracts. The committee which transmitted the news to Shea and other labor leaders was composed of T. J. Dixon, Edward Hines, Secretary T. J. Cavanaugh, of the Team Owners' organization, and Peter Doyle, who today declared that the association had definitely determined to abandon conciliation. When the action of the owners was made known to Shea, he is said to have responded.

"We'll win. If they want to fight let 'em come on. We can still call out every member of our union in the city and paralyze the transfer business of Chicago. I do not say this will be done, but we will do it rather than give up."

Rumors of a strike of the employes of the Union Traction company were revived today. The agreement between the employes and the company expires during the last part of this month. General Manager Roach, of the traction company denied that there was no disagreement of any kind between the two sides. Despite this denial the rumor was widely circulated and was given credence in labor circles.

Union officials expect a big demonstration of sympathy at the funeral of George S. Pierce, a union driver, who was shot and killed by Deputy Sheriff P. T. Waldson. Arrangements for the funeral have been made by the department store wagon drivers' union. Services are to be held at Pierce's home where an address is to be made by President Shea of the International Teamsters' union.

Baltimore, Md., May 15.—John B. Goodwin, ex-mayor of Atlanta, Ga., the newly appointed grand secretary of the sovereign grand lodge of Odd Fellows, has been installed at Odd Fellows' hall, the installation taking place in the presence of the grand officers. James Young, senior representative, acted in place of Grand Sire Robert E. Wright, of Allentown, Pa. The new grand secretary was welcomed by J. N. Chapman. Mr. Goodwin succeeds the late Frank Grant. Mr. Goodwin will reside in Baltimore during his tenure of office, but will retain his citizenship in Atlanta.

SENDS "COUNT" TO HOSPITAL.

German Nobleman Endeavors to See Mrs. Vanderbilt.

New York, May 15.—A man who said he was Adolph Radel, a count of the German empire, was taken to Bellevue hospital last night after having attempted to enter the residence of Cornelius Vanderbilt, for the purpose of calling on Mrs. Vanderbilt, with whom, he declared, he was well acquainted, and who had been his guest at his castle on the Rhine.

The "count" had a fine gold watch from which hung a large gold and silver treefoil on the leaves of which were inscriptions of presentation by the emperor of Germany, King Leopold and Emperor Franz Josef for "service to the country."

Around his neck he had a wide ribbon from which suspended a silver filigree ornament which he said had been given him by King Edward VII. He said he had just arrived in New York from California.

SEVEN MINERS BLOWN TO ATOMS

Forty Sticks of Dynamite Explode With Fearful Results.

Butte, Mont., May 15.—Seven men were killed and several were injured, one fatally, in the Cora mine, one of the Heinz properties. The cause of the explosion is not known.

Nels Wampa was carrying 40 sticks of dynamite up a ladder to join companions on the 100-foot level when the dynamite exploded with terrific force. It is believed that Wampa accidentally touched his candle to the explosive. Wampa was blown to bits, fragments of his body being found several hundred feet away.

Two men working nearby were also blown to pieces, the remains when picked up filling seven sacks. Four others, 100 feet distant, were instantly killed, though their bodies were not mutilated.

Increase Height by Machine.

Annapolis, Md., May 15.—Luther Welch, a candidate for the naval academy from Kansas City and not yet 16 years old, arrived here. When he received his appointment early in the winter he was two inches under size, but has managed to stretch himself to the required height through the use of a specially devised machine. He brought the apparatus with him for fear he might settle down again without.

Consigns His Ashes to the Sea.

Cambridge, Mass., May 15.—"The intent of this is that my wife shall not feel sad thinking of a lonely grace, as she will not know where it is." These words conclude a codicil to the will of William H. Lovelace of Maplewood, filed at the registry of probate. The will directs that his body shall be cremated and the ashes be "put overboard at such convenient time and place as seen fit."

Whitten, general manager of the company has resigned and is succeeded by T. W. Pratt.

Fall River Strikes Fail.

The strike is still on, however, so far as the union weavers are concerned. The Granite mills, at which a strike occurred about the same time, are also running substantially in full.

The Lindell has been in existence for 30 years, and was very popular with traveling men.

ACTRESS HASTENS TO FORMER HOME

Florodora Girl Greeted With Cheers As She Leaves Car.

SHE WILL TAKE A LONG REST

Nan Patterson, Her Father and Morgan Smith and Wife Arrive In Washington This Morning—Pathetic Meeting of Mother and Daughter.

Washington, May 15.—Nan Patterson, accompanied by her father and Mr. and Mrs. J. Morgan Smith, arrived in Washington from New York at 7:20 this morning and proceeded to the Patterson home on Columbia heights, a modest 2-story cottage, where they arrived in time for breakfast.

A crowd of curious persons awaited the arrival of the train at the Pennsylvania depot. After some minutes, the sleeper in which were the Patterson party, was withdrawn to a place on a siding. The car was soon surrounded by a much larger crowd which, as the delay continued, grew in size. It was announced that Miss Patterson had not completed her toilet. It was just 8 o'clock when Miss Patterson made her appearance from the stateroom she had occupied with her sister during the night. A carriage was in waiting and the police presed the crowd back while all the party entered the vehicle. As the door of the carriage slammd, th crowd, which had been silent, voiced its approval in cheers. Miss Patterson was dressed in a costume of blue with hat to match and looked well and refreshed by the good sleep she said she had enjoyed. As she reached the car door her father, who was with her, said to a number of newspaper men on its platform:

"This is Nan Patterson."

"I can only say that I am glad to see you," immediately responded Miss Patterson, "and that I am so glad to get home."

When the carriage conveying the party reached the corner of the street adjacent to the Patterson residence, the impatient girl could not restrain herself. She sprang from the vehicle and ran down the block, stopping to hug and kiss her relatives as she came to them on their way to meet her. She desitated only long enough to give a brief greeting to each in her hurry to reach home and mother. She disappeared through the door after running up the steps, with outstretched arms and the word "mother" on her lips.

Mrs. Patterson, who was prostrated by the news of her daughter's freedom yesterday, stood supported by the arm of her husband on the front veranda and with tears of happiness glistening in her eyes and a quiver of emotion in her voice said:

"My daughter is with me now. All my children are home. I am so happy."

Nan said that though many flattering offers of engagement had come to her, none had been considered, and would not be for some time.

"She will remain at home and take a good rest. After that she will take up the question of the future," said her father.

Private Banker Assigns.

New York, May 15.—An assignment made late yesterday by A. C. Wilcox, a private banker at the head of A. C. Wilcox & Co., 60 Liberty street, develops the fact that the concern had a string of ten small banks in this state. In his statement on Feb. 1, 1904, Mr. Wilcox claimed resources of $554,244, liabilities of $193,906, capital of $300,000, surplus $50,000 and undivided profits of $10,283.

REPRESENTATIVES KEPT OPEN HOUSE

And Transacted Considerable Business at Saturday Session.

SCHOOL AND SPECIAL TAX BILL

Woke Up the House—Fetters Not to be Attached to Whites and Blacks Together—Bill Against Obtaining Money or Property by False Promises.

Tallahassee, May 13.—In the House today several new bills were presented.

A motion to reconsider the vote on the geological survey was lost.

Upon motion of Mr. Tillman of Alachua House Bill No. 175 was withdrawn and Senate Bill No. 107, by Mr. McCreary, "to regulate the attendance of schools within special tax districts by pupils residing outside of such special tax districts; to provide for the payment of a fee therefor, and to require the county treasurer to make reports to the boards of public instruction of the county of all amounts coming into his hands for special tax school districts," caused a slight waking up in the dreary morning session.

After the bill had been amended it was postponed.

Mr. Sistrunk's bill to prohibit chaining white female prisoners to colored prisoners, was amended to include white male prisoners and was passed.

Mr. Tillman's bill to provide for the reprinting of the Supreme Court Reports was unanimously passed.

House Bill No. 396, introduced by Mr. Buckman, chairman of the judiciary committee, to repeal Chapter 4082 of the Laws of Floria, entitled "An act in relation to obtaining money or any other personal property under false promises or for violation of contracts, and providing penalties therefor," and judiciary committee substitute for House Bill No. 48, a bill to be entitled an act in relation to obtaining money or other personal property under false promises, whether in writing or not, and providing penalties therefor, were passed.

Mr. Robinson's bill to protect food fish in fresh water lakes was lost. The bill sought to prevent the sale of all except sturgeon and catfish.

Mr. Oren introduced a bill to limit the sessions of the Legislature.

A joint resolution offered by Mr. Oren, to amend Article 8 of the Constitution, was taken as a joke. It is as follows:

"Sec. 9. The Legislature shall provide by general law for the establishment of county governments, in such form and with such legislative power and authority over the construction and maintenance of roads and bridges, the catching of fish in fresh water ponds and over other local matters, as may be granted by such laws; and such general laws shall provide for the establishment and abolishment of such county governments so provided for in such counties as by vote of two-thirds of the electors voting on the subject may adopt or abolish such form of government."

The House then adjourned until 10 a. m. Monday.

In Mayor's Court.

Jack Carlos was arraigned in the mayor's court Monday upon a charge of disorderly conduct. Witnesses stated that Jack, who is full of fun, etc., grabbed a "culled" lady's hat and ran, and refused to give up the hat. Jack stated that he was only after a little fun, but it didn't seem so funny to the woman, who chased him for a block or two with the broiling rays of a hot sun shining upon her head, causing the hair oil to melt and trickle down the side of each cheek like syrup from a leaky barrel.

"Jack, I suppose you are honest when you said you only wanted some fun," remarked His Honor. "I have never known you to be a bad fellow, but you should have your fun in another way, so just as a reminder not to again molest women's headgear I'll fine you $2.50 and costs."

Bessie Williams started out for a "good time" Saturday night, but she started wrong, for it is said she secured a half-pint of "booze" and consumed the whole business at one sitting. Simply because a friend asked her to "set 'em up" Miss Williams became very angry and abusive, and said some awful things unbecoming the female sex. After hearing the testimony the defendant was compelled to produce the dough-bag and extract therefrom a five-dollar bill for her indiscretion, and three silver dollars for the trouble she had given the officers.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

Topeka, Kans., May 15.—For twenty years Willie Sell has been a convict in the Kansas penitentiary, charged with the murder of his father, mother, brother and sister, having been sentenced to life imprisonment after one of the most sensational crimes ever committed in this state. If the confession of A. W. Bane, who recently served a term in the penitentiary, is true, Sell has been punished for a crime in which he had no hand.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

He has reported the incident to Washington through the American embassy.

BOER TOBACCO.

Natives Use It, but It Is Too Much For White Men.

After Transvaal tobacco, but a long way after, comes Boer. The name is in reality nowadays a misnomer, for this tobacco is grown largely in Natal and Cape Colony. It is also cultivated in the Orange River Colony, is sold by the roll and can be obtained for about $8 a pound if a whole roll is purchased. It is also sold by the sack.

White men buy these sacks, but they do not smoke the contents themselves; they use it to reward the Kaffir servants for working overtime or doing any other meritorious action. The taste for Transvaal tobacco is an acquired one. It also takes a certain time before a man gets used to the scent. No white man who has come from a distance has so far lived long enough to acquire a liking for either the taste or the smell, but it has its uses in the case of the natives, and it is also useful if you have an undesirable visitor whom you are anxious to get rid of. Offer him a pipe of Boer tobacco, and he will never enter your house again.

The traders purchase this weed largely. They also use it upon the natives in the shape of presents, as every Kaffir who makes a purchase in a country store always asks for a free gift, and the competition to secure the native trade is so acute that the request cannot be refused.—South Africa.

YOUR OPPORTUNITY.

Make Up Your Mind to Seek It Rather Than Wait For It.

It is a dangerous thing to wait for opportunities until it becomes a habit. Energy and inclination for hard work ooze out in the waiting. Opportunity becomes invisible to those who are doing nothing or looking somewhere else for it. It is the great worker, the man who is alert for chances, that sees them.

Some people become so opportunity blind that they cannot see chances anywhere—they would pass through a gold mine without noticing anything precious—while others will find opportunities in the most barren and out of the way places. Bunyan found opportunity in Bedford jail to write the greatest allegory in the world on the untwisted paper that had been used to cork his bottles of milk. A Theodore Parker or a Lucy Stone sees an opportunity to go to college in a chance to pick berries. One boy sees an opening to his ambition in a chance to chop wood, wait on table or run errands, where another sees no chance at all. One sees an opportunity to get an education in the odds and ends of time, evenings and half holidays, which another throws away.—O. S. Marden in Success Magazine.

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

When Reptiles Die.

A Viennese naturalist declares that nearly all reptiles that die from natural causes close their lives between nightfall and midnight, only a few between midnight and morning and fewer still in daylight. Most reptiles seem aware of their approaching death, seeking out particular places and there awaiting the end, while those whose lives are spent underground come to the surface before death.

Old and Young.

"Well, well, that's a funny thing."

"What is?"

"Miss Passay was an old maid before she married, and now that her husband is dead she has become a young widow."—Catholic Standard and Times.

Anticipation.

Deacon Jones—In the better land everything will be made known. Mrs. Pryé—Won't that be fine? I've always wondered how old Sarah Wilson was.—Boston Transcript.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Ayer's Cherry Pectoral. The best medicine ever made for the coughs and colds of children. Always keep it in the house. Prevents croup. Stops night coughs. Ask your doctor. J. C. Ayer Co. Lowell, Mass.

OLD SORES OFFENSIVE-DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, every salve, powder, etc., that is heard of is tried, but does no good, until the very sight of it grows offensive to the sufferer and he becomes disgusted and morbid. They are not only offensive, but dangerous, because the same germ that produces cancerous ulcers is back of every old sore. The cause is in the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones scraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer.

Some years ago my blood became poisoned, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again. JOHN W. FUNDIS.
Wheeling, W. Va., May 28, 1903.

Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, etc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleanses and purifies the circulation so that it carries rich, new blood to the parts and the sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution. It is an exhilarating tonic, aids the digestion and puts every part of the body in good healthy condition. Book on the blood, with any medical advice wished, without charge.

WATER COMMITTEE WILL ENFORCE RULES

Consumers Must Pay Up or Suffer For Want of City Water.

THE RULES WERE ABUSED

Water Consumers Have Been Accustomed in Some Instances to Procrastinate in Payment for Service, but in Future Supply Will be Stopped.

There has been quite a revelation in waterworks and water supply department of the City Council, and in future the council declares that if a water taker fails to pay his rent promptly, or within the time prescribed, which is ten days after the beginning of each quarter, the superintendent will be required to cut off the supply without further notice and said service cannot be turned on again until the amount for the quarter, and a dollar extra for the connection, is paid.

This action, which was in the form of a resolution passed by the council at its last regular meeting, it is said was born of the fact that many consumers have abused the rules of the council in regard to payment of water rents, with the result that a great many of them who used water freely became several weeks in arrears. The rules of the city have always been, as everywhere else, that the service be paid for in advance, with ten days' grace. At the expiration of this time the rules provided if payment had not been made, the service to be immediately discontinued.

But there seems to have been a non-enforcement of this rule, however. Not because the persons authorized to act were intimidated, but more on account of the embarrassing situation were they lenient. There is nothing to do now, however, but to enforce the order regardless of feeling in the matter, since the resolution demands enforcement.

Must Comply With Rules.

The resolution further provides that the committee on water supply are instructed to supply each water taker with a copy of rules to be observed in the use of water, and that the committee be instructed to use any available means to see that said rules are absolutely complied with.

City Clerk and Treasurer Dell, who has had the collection of water rents in charge, has been relieved of that duty and the same will in future be collected by T. B. Ellis, city tax collector.

The resolutions above referred to went into effect on the 15th inst. and those interested will be governed accordingly.

LUCAS BLACK MARRIED.

Was Wedded to Miss Mamie Beach of South Carolina on the 10th.

The numerous friends of Lucas Black of Hague will learn with a probable degree of surprise of his marriage, which occurred near Walterboro, S. C., on Wednesday, the 10th inst.

Mr. Black is the junior member of the firm of Padgett & Black, naval stores operators, and is one of the most progressive and successful young operators in the State. He is originally from South Carolina, but has been a resident of Florida for several years, being associated the greater part of the time with his present partner, J. B. Padgett. During his business career he has conducted the affairs of the firm in a conservative and profitable manner, and a manner which would do credit to one of many years his senior in experience.

The lady of Mr. Black's choice was Miss Mamie, the charming daughter of Mr. and Mrs. A. C. Beach, with whom he had associated a great deal during their school days in Walterboro. At that time they were devoted to each other, and afterwards, when Mr. Black came to Florida, distance did not lessen the affection they cherished one for the other. Instead the chain was strengthened, and the joining together of these young people merely concluded a determination of several years' standing.

Mr. and Mrs. Black passed through the city Sunday for Hague, where they will make their future home. Friends extend congratulations, and wish them a happy voyage on the sea of connubial bliss.

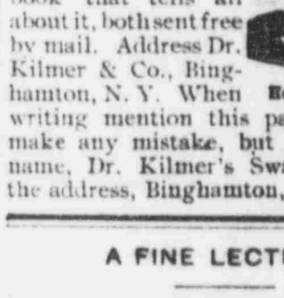
Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.



What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

A FINE LECTURE.

Col. Mathews of Ocala Will Tell Our People About Brazil.

There is a treat in store for the people of Gainesville who enjoy a refined and instructive lecture.

On Wednesday evening, the 17th inst., at Seminary Hall, Col. Geo. G. Mathews of Ocala, one of the most eloquent and forcible and pleasing speakers in the State, will deliver his lecture on Brazil. Col. Mathews is one of Marion county's most prominent citizens. He represented that county with credit in the Legislature for one term, was for years a member of the school board of Marion, and in all is a public man, esteemed and respected by his fellow-citizens. He is particularly adapted for the subject of his lecture upon this occasion, having served under Cleveland's administration as American Consul to Brazil. It is natural that he should be thoroughly familiar with the people of that country and their habits, etc., especially since he spent also a portion of his boyhood days there.

Those who do not attend this lecture will miss a rare treat.

WILL GO TO WILLISTON.

Members of Mount Vernon Lodge, K. of P., Will Institute Lodge.

Owing to the absence of this team from the city, Chancellor Commander Phifer requests The Sun to state that there will be no meeting of Mount Vernon Lodge this evening.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Judge Parker has decided to keep out of politics. Owing perhaps to his being a poor starter and not strong at the finish.

The new railway station at Atlanta has at last been opened. It covers thirteen acres—the unlucky odd number—but cost an $1,600,000.

Fort Pierce is commencing to "slick up" already, in anticipation of being the county seat of St. Lucie county, to be detached from Brevard.

The negroes who have gone to Chicago to replace the strikers have been ordered to be vaccinated. This is no doubt done to assure working.

The candidates for mayor of Pensacola are trying to show up that they have a labor record. Both are trying to "work" the voters, perhaps.

The Orlando Star wants the Legislature to exterminate the white fly. There are many other pests that might be included while the members are at it.

It is currently reported that Jim Alexander of Fairview, lawyer and farmer, will write a book, "The Successors of the Carpet-Baggers." Such a book will be of interest to the people of the entire country.

A negro who was hanged in Virginia for murder charges it to whiskey and politics. He warns his race to let both alone. A good piece of advice; but if his colored brethren can't drop both at one time, it might be well to saw off on politics.

The new charter for the city of Gainesville means new life, and it is apparent already. More building is going on every day and within the next two years there will be a greater advancement than in the remarkable two years last passed.

If the churches only knew it, they would make a great hit by trying to have the best music at all public services. A stranger in a city always asks "Where do they have the best music?" when he wants to attend church. By "stranger" is meant a person not a member of any church.

The excursion season is just beginning to open up in Florida and low rates are now being offered by the railroads and steamers. A few excursions in the winter, when there are crowds of people here from the North to enjoy them, would surely be well patronized and not interfere to any great extent with the regular winter rates.

Secretary Wilson has scored one in his controversy with the officials of the terminal railroads. They insisted that the law which required the unloading, for feeding and watering, of stock in transit once in each twenty-eight hours applies only to through roads, and while they were so maintaining the Secretary was gathering evidence with which he now proposes to institute upwards of four hundred prosecutions. The attorney-general has rendered an opinion upholding the correctness of the secretary's construction of the law and many of the railroads are preparing to pay their fines without entering any defense.

THE RAILWAYS.

President Roosevelt and Secretary of War Taft have uttered some bold statements on the subject of railway legislation within the past week, and have created consternation among the American delegates to the International Railway Congress, now in session in Washington. In substance the President, and his views were reiterated by Secretary Taft, has declared that the railways are nothing but ironed public highways, controlled by a few powerful individuals and great corporations, and as the only arteries of commerce they cannot be permitted longer to remain under the exclusive control of the railway managers, but, in the words of the President, "It is absolutely necessary that the nation—for the State cannot possibly do it—should assume a supervisory and regulatory function over the great corporations which practically control the great highways of commerce."

When Secretary Taft reiterated the policy of his chief at the banquet of the American Railway Association, at which were present most of the delegates to the International Railway Congress, his remarks were received without applause, and Stuyvesant Fish, president of the Illinois Central Railroad, immediately replied in words that were earnest but polite. Mr. Fish compared the policy of the administration to the efforts of Great Britain in the middle ages to fix an arbitrary price for commodities, such as bread, wages, etc., and refused positively to recognize the fundamental proposition of the President and Secretary Taft that, unlike bread and wages and similar commodities, railways are not private property, that they are public highways, the administration of which has been intrusted to private parties, but always with the expressed or implied right of the government, which grants to railroads special privileges, to exercise such supervision as is required to safeguard the needs and rights of the public.

It would be interesting to have the supreme court's opinion of the pardoning board. The acts of the pardoning board prove it to be a much abler body than the supreme court, and for this reason the supreme court's opinion of the pardoning board would prove highly interesting reading.—Punta Gorda Herald.

Does the State of Florida need a new Constitution? Well, if the present Constitution permits such unfair and unequal representation in the Legislature, and the enactment of such laws as some that have been put upon the statute books depriving American citizens of their natural rights, we say most emphatically we think she does.—Pensacola News.

To show that his path is not all roses on both sides, the editor of The Lake Butler Star says: "If The Sun man had to do his own reporting, typesetting, inking, distributing, press work, mailing, and at odd times cut fire wood and rock two energetic babies while his wife prepares his meals, he would find that an editor in the backwoods finds enough doing to keep him from falling asleep."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Paymaster Loses $10,000.

Chicago, May 15.—A dispatch to the Tribune from San Francisco says that Captain Franklin W. Hart, of Washington, D. C., paymaster of the transport Lawson, has been arrested for drunkenness and will be courtmartialed. Hart, it is alleged, came down from Mare island with orders for $10,000 on the navy pay office. He returned so much under the influence of liquor that he was unable to transact business. He was accompanied by a friend, who was more intoxicated than himself. Officials, after trying in vain to get a lucid statement, had him arrested. It could not be learned what he had done with the $10,000.

ALACHUA COUNTY R. F. D. ROUTE

First Route Was Inaugurated Monday---Others to Follow.

A VERY CONVENIENT SERVICE

Parties Residing in Rural Districts Will Now Enjoy Privileges of Daily Mail, Which Will Prove of Big Advantage and Profit.

Alachua county has at last the advantage of free rural delivery, the service having been inaugurated Monday in compliance with instructions from the postoffic department, United States government.

This will be known as Rural Free Delivery, Route 1, and extends from Gainesville via North Gainesville to Bennington, Rutledge and intermediate points, returning via Arredondo. S. J. Burnett, Jr., has been appointed carrier, and considering the fact that Monday was the first day everything worked smoothly. Departure was made from the Gainesville postoffice at eight o'clock, the carrier returning a few minutes before four.

There are about 180 families on this route, which covers an area of about thirty square miles.

Report is made by the carrier that a number of families to be served have not installed boxes. This is one of the most rigid requirements of the department, as the carrier is forbidden to deliver mail other than registered matter except in the boxes. These parties will be required to install receptacles of this kind before they will be permitted to enjoy the privilege.

By this service parties residing in the country have the advantage of a daily mail, with the exception of Sunday, which is not only a big accommodation but of great value to the truckers and others depending upon the markets.

Other routes will be established when the proper petitions are signed and forwarded to Postmaster Arnow, who will take the matter up with the department.

HONOR TO MISS WILCOX.

This Excellent Young Lady Being Highly Entertained in Ocala.

The Ocala Banner has the following to say complimentary to a Gainesville young lady who is visiting in the Brick City:

"Mrs. John W. Pearson entertained twenty of the young people in honor of Miss Mamie Wilcox of Gainesville, who is her guest. Mrs. Pearson and Miss Wilcox were assisted by Miss Alta Pearson.

"There were five tables placed in the parlor and library and the very amusing game of Sir Hinctum Funny Duster was played and created the greatest fun and frolic imaginable. The first prize, a gold stick pin, was cut for by Miss Wilcox and Mr. Alfred Beck, the latter winning and presenting it to the guest of honor. The booby prize, a cabbage head filled with bonbons, was cut for by Misses Alice Bullock and Sue Anderson and Mr. John Sullivan, the former being the winner.

"The games were marked on attractive little score cards, ornamented with small pictures of Miss Wilcox and Miss Pearson.

"After playing Sir Hinctum a couple of hours refreshments were served and the evening was a very enjoyable one."

Miss Wilcox's friends are glad to know that she is receiving so much attention at the hands of the clever people of Ocala.

SUNDAY MEALS.

Do Not Overeat and You Will Feel Better on Monday.

If it is desired to begin the week refreshed and ready for labor, rested in mind and body, the eating customs of Sunday will have to be readjusted. Have a later breakfast, if desired, but have then a very light one even if you are hungry, or, if it must be hearty, then do not upset your digestive habits any more than may be avoided and have but two meals on that day and eat no other. It would be far better to have three light meals, lighter than usual, if that could be arranged to fit with the other household arrangements. The custom of noon dinner on that day arises from the usual absence of cook or maid at the later one, and this may be unavoidable. Very well, then; treat this as a rest day for cook and digestive apparatus as well as from other labors. Have a light breakfast, a light dinner and a chafing dish supper as near the ordinary hours of meals as possible and remember as you are going to take less exercise than usual you demand a lesser amount of more easily digested food.—Helen Johnson in Good Housekeeping.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

"Off" For "From."

As a stranger in Philadelphia I was much amused by certain provincialisms. One of these was the use of the word "off" instead of "from." "Please buy flowers off me," say the youthful street venders. One day while waiting for some groceries a young lady, evidently unused to housekeeping, approached the raw Irish clerk and timidly asked: "I want some mutton to make broth. Shall I get it off the neck?" "No, ma'am," was the solemn reply as the clerk pointed to the butcher busy at his block, "ye git it off that mon."—Presbyterian.

Crushed.

"I think I never saw Rymer so utterly crushed as he was when his first poem appeared in print."

"What was the matter? Some typographical error in the poem?"

"No, that wasn't it. What crushed him was that the paper was sold for a penny a copy, just as usual."

Other People's Business.

Jenny—Their engagement has been broken by mutual consent. Kate—Isn't that tantalizing! I'll never be satisfied until I find out which one broke it.—Smart Set.

Experience is the extract of suffering.—Howe.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and backache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my monthlies were irregular and painful, and I always had such dreadful headaches.

"But since taking the Compound my headaches have entirely left me, my monthlies are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease. It will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The Nourishing Chestnut.

The London Lancet finds that the chestnut is the most digestible nut and cannot only take the place of the potato, as in France, where chestnuts, boiled and mashed like potatoes, make a delicious dish, but in reality they are a more perfect form of food. According to the Lancet's analysis of the potato and the chestnut, the latter contains less water, more proteid, more fat and starch, but less mineral matter, than the potato and is more digestible than the latter. Like the potato, also, its nutritive and digestive qualities are greatest when baked or roasted.

Lightning Takes Two Lives.

Bennettsville, S. C., May 15.—Two persons lost their lives from lightning strokes in this county, the first was Charles Sawyer, a young citizen of Brownsville, and the other was a negro child in Hebron, 15 miles distant. Mr. Sawyer was plowing in his field and he and his mule were both killed. He leaves a young wife and three small children. The gusher is ½ a mile west of Dr. Waldron's homestead on a tract formerly owned by the Ehmer heirs. It is an old grasser drilled down from the 100-foot to the fourth sand. One Hundred Wild Horses Roam the Streets of New York.

New York, May 15.—A taste of life on the range has been given to the residents of the upper west side by the stampeding of 100 mustangs at Sixtieth street and West End avenue.

There was a wild scramble by the cowboys who came east with the animals which were to be sold here, but the bunch scattered in all directions. After three hours most of them had been rounded up by aid of the police.

A small boy started the stampede by hurling a stone at the ponies.

Quickly alarmed by the stone and by the unusual street scenes which had confronted them on being unloaded at a North river dock, packs of the animals dashed up and down Central park, West Broadway, West End avenue and Riverside drive, and rushed back and forth through the cross streets, the clatter of their hoofs alarming the neighborhood and bringing crowds to the windows as they passed.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Alabama Needs Laborers.

The organization will be known as the "Imigration and Industrial Association of Alabama." Part of the general plan is undedstood to be to secure a share of alien Imigration for Alabama by having the steamship lines land them direct at southern ports.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Borglum, of New York, as the sculptor to build the statue of the late General John B. Gordon which will stand at the Hunter and Washington street corner of Capitol square. Marshal Removed by President.

Washington, May 15.—Walter F. Matthews, of Portland, United States marshal for the district of Oregon has been removed by order of the president. It is understood that this action was taken at the instance of the authorities of Oregon, as it was believed that Mr. Matthews was not sufficiently in harmony with the prosecution of land fraud cases now taking place in that state.

Cleared for Action.

Saves Him Money.

"Why do you always agree with your wife in everything?" she said.

"I find it cheaper to do that than to quarrel with her and then buy diamonds to square myself."

Couldn't Spend It.

"Say, Bill, once I had more money dan I knew what to do with."

"Yer don't mean it?"

"Sure. I found a quarter in a temp'rance town."

TWO HAPPY MARRIAGES.

Mr. Craig and Miss Goodnow and Mr. Goodnow and Miss Andrews Wed.

Two most important society events of this city during the past two days were two marriages of prominent and popular people.

At the manse on Sunday morning at half-past 7 o'clock, Rev. Thos. P. Hay officiating, Mr. Abner Craig of Delaware and Miss Mabel Goodnow of Westmoreland, N. H., were joined together under the beautiful and impressive ritual of the Presbyterian church. The affair was a quiet one, only a few of the most intimate friends of the contracting parties being present.

At Kavanaugh Methodist Church, Monday morning at 6:40, Mr. H. John Goodnow of Westmoreland, N. H., and Miss Virginia B. Andrews, the charming daughter of Col. and Mrs. J. O. Andrews, were married by the pastor, Rev. T. J. Nixon.

The bride being a prominent member of the Methodist church, the Epworth League and other church societies, as well as a singer in the regular choir, the church was crowded to witness the ceremony, despite the hour.

The altar was decorated with plants, and on the interior of the railing was a handsome collection of fragrant lilies.

Immediately after the ceremony the happy couple received the congratulations of friends. They proceeded to the Seaboard Air Line depot, where they boarded the train for New Hampshire, which will be their summer home.

As the bridal party left the church to enter a carriage they were literally showered with rice by their friends, and an occasional old shoe played its part.

The couple received many handsome and valuable presents, among which was a handsome silver nut-dish from the board of stewards of the church.

While friends of Miss Andrews dislike very much the idea of giving her up, they are consoled at the fact that she will return next season.

Spring Park Stock Farm Company Sells Valuable Shorthorn Bull.

The Spring Park Stock Farm Company has made its first sale of fine registered stock, the fine Shorthorn bull, "Wardlaw," having been purchased by A. L. Jackson. The consideration was not learned, but it is safe to state that it was a good one.

Accident at Campville.

Lawton, the twelve-year-old son of N. A. Matthews of Campville, had the misforthne to fall from a tree and break his arm two or three days ago. A physician was called and set the wounded member, but the lad's condition is said to be unfavorable. Friends sympathize with the father and patient in this misfortune.

Bought Nice Property.

S. G. Gaskins, the contractor, has purchased the lot adjoining his home on the north, East Gainesville. This is one of the most desirable places in that locality, and the new owner proposes, after a while, to erect a nic ecottage upon the same for rental purposes.

There was a "bunch" of Campville visitors to this city yesterday, among whom were Aaron Flowers, Justice E. E. Stokes, H. M. Moran, John Parker, Frank Parker, Wm. Beckham, Joseph Beck and James Dyess. They were summoned as witnesses in the case of A. D. Nelson, who entered suit against the Seaboard Air Line for the recovery of damage for two cows alleged to have been run downland killed by Seaboard Air Line trains. The case was continued, however, for another month.
